NSD ATHLETIC DEVELOPMENT CLUB ANNOUNCEMENT

Effective, Friday July 14, 2017, the NSD Athletic Development Club located within the Cardel Rec South (CRS) facility will begin to undergo a full conversion to become the second Big Sky Fitness Club location.

Last fall's conversion of our Douglas Glen NSD club to Big Sky Fitness has been very successful and has surpassed many of our expectations.

To bring the two clubs under one common banner and operational strategy will benefit the vast majority of our existing members. We are excited to bring the same (and new) popular Group Fitness classes and Registered Programs from our Douglas Glen Club to the Club at Cardel Rec South.

The DNA of our NSD beginnings will still be present in both of our Big Sky Fitness locations. We will still be offering many of our NSD Athletic Development in-season and off-season Sports Performance Programs for those aspiring athletes.

We are committed to each of our individual members, to assist you in **Unleashing Your Personal Potential**, so that you may lead a healthy and active lifestyle.

- All members that have purchased memberships in 2017, will have their memberships honoured;
- Those existing members wishing to only utilize the CRS club will be grandfathered and still offered that lower price membership, for the remainder of their term.
- Access to both clubs will be included with all other memberships;
- Group Fitness classes will begin in the fall 2017. **Check website for exact classes and start dates;**
- All members will be required to sign the new Big Sky Fitness membership agreement and waiver. Upon doing so, you will receive your new Big Sky Fitness Club access tag.

Should you have any questions regarding the enclosed information, please do not hesitate to talk to any of our Member Experience Agents or Club Management.

For all updates, please go to our website at www.bigskyfitness.ca

Yours in Fitness – Sport – Adventure,

Brian R. Strong
President & CEO
